

Never There

Cake

I need your arms around me
I need to feel your touch
I need your understanding
I need your love so much You tell me that you love me so
You tell me that you care
But when I need you (baby)
Baby, you're never there On the phone
long, long distance
always through such strong resistance
First you say you're to busy
I wonder if you even miss me Never there
You're never there
You're never ever ever ever there A golden bird that flies away
A candle's fickle flame
To think I held you yesterday
Your love was just a game You tell me that you love me so
You tell me that you care
But when I need you (baby)
Baby Take the time to get to know me
If you want me why can't you just show me
Well, always on this roller coaster
If you want me why can't you get closer Never there
You're never there
You're never ever ever ever there
Never there
You're never there
You're never ever ever ever there
