

# In Step

## Frankmusik

Never took a scene check  
Never were a reject  
Always lookin perfect  
Now you aren't so in step  
in step  
in step  
in step You had your photograph, in a magazine  
Such a pretty boy, only nineteen  
But now your twenty-three and it's all gone now  
you ain't all that, you wanna be somehow Maybe it was only a dream!  
You just thought you could be anything that you wanted to be  
Sadly, it all went wrong so Never took a scene check  
Never were a reject  
Always lookin perfect  
Now you aren't so in step  
in step  
in step  
in step Still just go to the same old clubs  
But the new kids have got one above  
Music tastes change like the wind  
You're doin now what's already been And you still think that you're so it  
Cause you know so and so, and you made a hit  
But you can't hear it being played  
Cause you my friend have had your day Never took a scene check  
Never were a reject  
Always lookin perfect  
Now you aren't so in step  
in step  
in step  
in step
