

Rollin' (feat. Michael Ray)

Big Smo

Wide open
Got the tail pipes smokin'
Lane to lane floatin'
No GPS loadin'
Cuz even when I got no place to go
It's just me, myself, and the open road
And when I hit the I-24
You damn right
Gonna put the pedal to the floor
Outta sight
I'm gone
But baby I'll be back by dawn
'Til then crank my favorite song
Cause I got that...Now my old school Riviera
Can't be stopped
My Chevy lookin' pretty
When I drop the top
So everybody in the stix they know
When they see the whip rollin' they be like
That's Smo
Baby they ain't no other way to go
Haulin' ass
While I listen to the radio
Hit the gas
No doubt
Y'all know what I'm about
I put the key in the ignition
And I'm out
Yeah I got that...I got that clear blue sky
Sunshine on my mind
Highway by my side
Yeah, I'm doing just fine
I feel that wind blowing through my soul
Tellin' me which way that I need to go
So I keep rollin', rollin' rollin'
You know I gotta keep it rollin' rollin' rollin' rollin' rollin' Now if you're on a dirt road
Or in the grass
If you goin' real slow
Or movin' fast

As long as you're feelin' it
In your soul
Better let them windows down
Turn it up
And let's roll
