

# Walk Away

## Face to Face

Don't wanna hear what you said  
Don't wanna kick in your head  
Don't wanna live my life that way, yeahDon't wanna give in but I  
Don't wanna be victimized  
Don't wanna live my life that way  
[Incomprehensible]Walk away, walk away  
Walk away, just walk away  
Try to see things in a different way  
Here we goDon't wanna tell you your place  
Don't wanna get in your face  
Don't wanna live my life that way, yeahDon't wanna know what you think  
Don't wanna know anything  
Don't wanna live my life that wayWalk away, walk away  
Walk away, just walk away  
Try to see things in a different way  
Here we goWalk away, walk away  
Walk away, just walk away  
Try to see things in a different wayJust walk away  
Try to see things in a different way  
Just walk away  
Try to see things in a different wayWell, just walk away, just walk away  
Well, just walk away, just walk away  
Well, just walk away, just walk away  
Well, just walk away, just walk away
