

Sheila

White Reaper

Yellow eyes, in the box around you
I get tired of the same old lines
You shot me right in the heart
You shot me right in the heart
I know you're trying so hard?
You're insane
I got nothing to do
I get tired of the same old lies
You got a hole in your heart
You got a hole in your heart
You know I'm trying so hard
Would you like it on the (?)
Let me light your cigarette
sheila, sheila
sheila, sheila
sheila, sheila

It's just a game, let you play it with me
I get tired of the same old tricks
I'll shoot you right in the heart
I'll shoot you right in the heart
You know I'm trying so hard
Would you like it on the(?)
Let me light your cigarette
sheila, sheila
sheila, sheila
sheila, sheila
sheila, sheila
