Pull the Wool

G. Love & Special Sauce

Dear friend you don't have to lie to me
When I ask you what's going on
Are you doin' right or ya doing wrong
If you do right will there not be a lifting up
You misbehave
Sin is crouching by your grave
We can begin to make amends
Fill your sails full with wind
I know you're tossed and tempest turned, but make no mistake
I'll never sleep on you faithDon't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyesNow your sin, you must mask it
Your face is all riddled with guilt
Cover you like a blanket, but no warmth will it give
Now I'm sittin' here and can't believe all the measures you've taken
To cheat, lie and decieve me and all your friends
You got a lot a crazy things in life that you want to do in life, that's all right, butDon't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyes
Don't you pull the wool over my eyesLies in the nest enver ever let the birds get to restI can forgive, but I never can forget and lies in the nest never
Ever gave the birds no rest
Bricks built without straw were so weak they crumbled
To mud, just as your excuse with truth left you easily undone
Don't you run away
