Don't!

Mirah

(Ragazza Pop Compilation)There's no sense in breaking up with you
But is it what I gotta do
Because you hurt me bad
You're running around
You made me so sad
And everybody in town knows she's not worth you losing meYou know that i love to be your own sweet baby
To ruin you up with every song i'll play
That you're never gonna leave won't you please, please say
I want you by my side until the rivers and the seas run dryI need you bad (so bad)
Without you (oh no)
I don't know what i'll do
Don't make me do it (la la)
Come back (la la)
Don't make me say what i don't wanna sayThere's no sense in breaking up with you
But is it what I gotta do
Because you hurt me bad
You're running around
You made me so sad
And everybody in town knows she's not worth you losing meI need you bad (so bad)
Without you (oh no)
I don't know what i'll do
Don't make me do it (la la)
Come back (la la)
Don't make me say what i don't wanna say to youNo no
You're gonna break my heart in two
Don't make me do it
(repeat x6 and fade)
