She Moves

Alle Farben

Far away, far away
In the land where the sun will never rise
Far away, far away
In the place with marmalade skies
Far away, far away
In the land where the sun will hide its eyes
Far away, far away
In the place with marmalade skiesAll alone she moves
Into a broken paradise surrounded by the colored lights
On and on she moves
Into a paradise without day and without nightFar away, far away
In the land where the sun will never rise
Far away, far away
In the place with marmalade skies
Carry on, carry on
Deeper into the rabbit hole
Carry on, carry on
Until you reach the hallway made of goldAnd all alone she moves
Into a broken paradise surrounded by the colored lights
On and on she moves
Into a paradise without day and without nightHa, ha ah
Ha, ha ah
Ha, ha ah
Ha, ha ahAnd all alone she moves
Into a broken paradise surrounded by the colored lights
On and on she moves
Into a paradise without day and without nightAnd all alone she moves
Into a broken paradise surrounded by the colored lights
On and on she moves
Into a paradise without day and without nightAll alone she moves
Into a paradise without day and without night
