

Kix

Kix

All around the world you go
All around the world you go
All around the world you go

The more you go

The less you know, hey baby

You'll never stand a chanceAll you're lookin' for is somebody to feed you

All you're lookin' for is something is the air

All you're gettin' are some trash to breathe

The more you leave

The more we love you, baby

Why should you stand a chance?All that you love

All that you need

You came in for kix

All that you love

All that you need

You came here for kixYou're a super accident

You're a major accident

Everybody's tryin' to pay the rent

- "Out she went!"

It's heaven sent, hey baby

You'll never understandAll that you love

All that you need

You came in for kix

You're workin' so hard

On your demand

It's all about kixIt's not that funny, is it?

It's not that funny, is it?

It's not that funny...funny...All that you love

All that you need

You came in for kix

You're workin' so hard

On your demand

It's all about kixAll that you love

All that you dig

You came in for kix

It's all in your head

It's all in your blood

It's all about kix
