

Boogie Love

Alexz Johnson

Gimme the boogie love
The boogie love
I'll give it back to you
Gimme the boogie love
The boogie love
I'll give it back to you Hey mister
I'll whisper a message to deliver
On fire
No liar could ever say that you're not smokin'
You're smokin'
Yeah, we're smokin' So who's smoother?
You are, don't need no fancy car
Doritos, my cheetos
We'll make a party mix for certain
For certain, yeah
Uhh, certain (He!) Stop stop Give me the boogie love
The boogie love
I'll give it back to you
(Give love, give love back, give love back like a heart attack)
Give me the boogie love
The boogie love
I'll give it back to you
(Give love, give love back, give love back like a heart attack) Hey Carter
Kick starter, while we are feelin' smarter
Word's out
We'll get it on the street
They'll feel it in their feet I know it
We know it
Don't you know it? We're priming
Where's Ben?
He gets off work at 10!
There's no worries my friends
We'll be happenin' by then
Ya we will - everyday
Ya we will - everyday
Ya we will - everyday
Ya we will - everyday You stop stop Give me the boogie love
The boogie love
I'll give it back to you

(Give love, give love back, give love back like a heart attack)
Give me the boogie love
The boogie love
I'll give it back to you
(Give love, give love back, give love back like a heart attack) Give me the boogie love
The boogie love
I'll give it back to you
(Give love, give love back, give love back like a heart attack)
Give me the boogie love
The boogie love
I'll give it back to you
(Give love, give love back, give love back like a heart attack) I don't care if you do not give your love to me,
exactly
There are boogie boogie love for free
I don't care if you do not give your love to me, exactly
There are boogie boogie love for free B-O-O-G-I-E L-O-V-E (Give love, give love back, give love back like a
heart attack)
