

Big Mini World

Jessica

I should talk this way, I should walk that way
I was trying, nothing felt like mine
Guess i can't stay small, when inside 4 walls
Be a pretty thing for you to pass the timeCause I'm gonna feel alive
I don't wanna run and hide
and stay stuck, stay stuck
In what I've always knownCause i know the time is right
It's now me who can't decide
If enough is enough
I can't live my life just only for youI don't wanna live in a mini mini world
I don't wanna be a doll that you play with
I can't pretend that there's no big big world thereI don't wanna live in a mini mini world
I don't wanna stay inside your illusion
I can't pretend cause there's a big big world out thereHere i break away, start a brand new day
Write a story that no one but me can write
Feel and try it all, make mistakes and fall
Be on my own (own~)
Gotta do my best and take this chanceI don't wanna live in a mini mini world
I don't wanna be a doll that you play with
I can't pretend that there's no big big world thereI don't wanna live in a mini mini world
I don't wanna stay inside your illusion
I can't pretend cause there's a big big world out thereI'm putting down my guard now baby
Cause i wanna show the world I'm here
And if you wanna come with me
If you wanna come, i'll be waiting (Oh Woah~)I don't wanna live in a mini mini world (Oh~)
I don't wanna be a doll that you play with (That you play with)
I can't pretend that there's no big big world thereI don't wanna live in a mini mini world (Oh~)
I don't wanna stay inside your illusion (Ooh~)
I can't pretend cause there's a big big world out thereThere there, eh eh eh eh eh, yeah yeah
There's a big big world out there
(What a big world, There's a big world)
There's a big big world out there
