

# Middle of the Night

K-Ci & JoJo

Yeah yeah yeah yeah yeah  
Yep yep  
Alright  
Alright, around Feeling so good tonight  
She said baby, baby are you asleep?  
I said baby yes I was, I'm up now (So what's up?)  
She said baby, baby baby, I can't sleep  
Then I said baby, baby baby let your head on me  
We head Middle of the night sex, middle of the night sex,  
Middle of the night sex, that's middle of the night sex  
It's middle of the night sex, it's middle of the night sex. She said baby, did you make sure ? is all sleep  
I said baby, I said baby, yes I did, so you can scream  
Scream loud as you want to. My baby, would you ? yes I'm going too deep  
And baby, after this we're going back to sleep  
We head Middle of the night sex, middle of the night sex,  
Middle of the night sex, that's middle of the night sex  
Middle of the night sex, middle of the night sex You don't have to worry at all, no you don't  
'Cause I love you just as much as you do  
What happen to middle of the night sex Middle of the night sex, middle of the night sex,  
Middle of the night sex, middle of the night sex  
Middle of the night sex, middle of the night sex,  
Middle of the night sex.
