

# 3005

## Lumidee

Let's clap our hands  
For the president and Jesus Christ  
And did I mention Charlie Manson  
And everybody else who was nice? Let's sing a song for the people scared  
Searching in the  
If you search real hard, you'll see that I'll be there  
Shooting up your world  
Watching all the resurrection  
Junkies losing ground Yeah, I'll be there  
Shooting up your world  
Watching all the resurrection  
Junkies losing ground Let's do high five  
For a genocide and the Internet  
And all the communication skills  
That are lost when we are dead You'll never survive 3005  
While you'll be sinking in the ocean  
I'll be in my special, still alive Shooting up your world  
Watching all the resurrection  
Junkies losing ground Yeah, I'll be there  
Shooting up your world  
Watching all the resurrection  
Junkies losing ground Yeah, I'll be there  
Shooting up your world  
Watching all the resurrection  
Junkies losing ground Yeah, I'll be there  
Shooting up your world  
Watching all the resurrection  
Junkies losing ground Let's clap our hands  
For the president and Mickey Mouse  
And every other motherfucker  
That's burning up in this house
