

Crenshaw

Deftones

Remember one time I bit you on the arm
I'm just afraid of solitude of being alone
I want to be at your house right now
Make you stand by the sink
I swear to keep awake I can show you things like fire and more
Remember the time I kicked the TV over For months, I'm sharing lungs
I can't talk to her
'Cause she'll throw rocks at me I might never see you again
I hope we fix and stay special 'cause still
I ain't tryin' to start a fight
But now, I only, I could pull you in for a moment
I know this That's so sweet
Battle stations, please guard us
Marry me, but don't lean on me
'Cause I'll fuck you till the morning
So stay Gone For months, I'm sharing lungs
I can't talk to her
'Cause she'll throw rocks at me I'll be screaming and all besides
And ? listening
You'll know, she knows by now you don't clap
When it comes to my music
? My lungs are in the top drawer
By now I've got a lover inside of me
As long as we sleep right now
As long as we sleep right now For months, I'm sharing lungs
Now I can't talk to her
'Cause she'll throw rocks at me
She'll throw rocks at me For months, I'm sharing lungs
I can't talk to her
'Cause she'll throw rocks at me
