

# Hurry Up

Mya

Yeah  
DJ Clue  
Dillon straw  
Mya  
(Hurry up)  
Come on  
When we first met I  
Told myself you were the one  
To lay up next to me  
Late at night when work was done  
(Aha aha)  
You looked into my eyes  
How could something so right be wrong  
Gotta find a way to leave him for you  
So I start a fight  
Get him mad at me  
Then we'll be breakin' up  
Temporarily  
That's when I'm callin' you  
To head over your house  
Baby I love the way you take care of me  
When you see me down I love it when you tellin' me  
Hurry up  
Come quick  
I'm here for you  
Don't cry baby  
He ain't shit  
I know what ya goin' through  
(Goin' through)  
Hurry up  
(Yeah yeah)  
Come quick  
I'll be waitin' for you  
I gotta find a way to leave him for you  
DJ Clue  
(Uh uh uh)  
Dillon straw  
(Uh hurry up)  
Mya, Mya

(Uh uh uh)  
Come on  
(Uh uh uh)  
When I lay down at night  
Why the hell are you on my mind  
When I'm up next to him  
Maybe 'cause he don't treat me right  
You could be lovin' me  
I know he does his thing on the side  
Gotta find me a good reason to leave  
So I start another fight  
(Fight)  
To get him mad at me  
(Me)  
(Ha aha)  
Then we'll be breakin up  
A good excuse to leave and then that's when  
I'm callin' you  
(Callin' you)  
To head over your house  
(Your house)  
Baby I love the way you take care of me  
When you see me down I love it when ya tellin' me  
Hurry up  
Come quick  
I'm here for you  
Don't cry baby  
He ain't shit  
I know what ya goin' through  
(Through)  
Hurry up  
Come quick  
(Yeah, yeah, yeah)  
I'll be waitin' for you  
I gotta find a way to leave him for you  
Hurry up  
Come quick  
He said that "I'll be waitin' for you"  
(DJ)  
Don't cry baby  
He ain't shit  
Girl I know what you're going through  
Hurry up  
(Yeah yeah)  
Come quick

I'll be waitin' for you  
(For you)  
(Come on come on)  
I gotta find a way to leave him for you  
(That's right)  
I'm your remedy  
Your dozier blunt  
Your don-p  
When you met guns  
Lil' man became a memory  
I boost your self esteem  
He take ya energy ma  
(Aha aha)  
You might as well hurry on up  
'Cuz Im gonna burn it on up  
Like ya first time pushin' a clutch  
You shake when you see me  
Shiver when you feel my touch  
We both know it's real love  
But we endulgin' in lust  
But for you I'll hurry on up  
And run them eight miles and lose myself without you  
Wouldn't know what I would do with myself  
When you're with me we're comfortable  
(Aha)  
We could start a family like da huxtable  
(Yeah yeah)  
For that love from you  
I would switch like Jekyl and Hyde  
Just gimme da word  
And my henchmen will ride  
And I know you not feelin'  
That he dealin' you lies  
So I start another fight  
(Another fight)  
To get him mad at me  
(Me)  
Then we'll be breakin' up  
A good excuse to leave, oh and that's when  
I'm callin' you  
To head over your house  
(Your house)  
Baby I love the way you take care of me  
When you see me down I love it when ya tellin' me  
(Aha aha)

Hurry up  
Come quick  
(Oh)  
(Yeah yeah)  
I'm here for you  
(I love you)  
Don't cry baby  
(Aha aha)  
He ain't shit  
I know what ya goin' through  
(I know what you goin' through)  
Hurry up  
Come quick  
(Yeah, yeah)  
I'll be waitin' for you  
(Baby I'll be waitin' for you)  
(He ain't shit)  
I gotta find a way to leave him for you  
You said whenever you need me  
(Uh uh uh)  
And ya stressin' out  
(Hurry up)  
Baby here are the keys  
Come over my house  
(Aha aha)  
I'm here for you girl  
(Come on come on)  
I don't wanna see you cry  
But your man ain't shit  
(He ain't shit)  
So just tell him goodbye  
Ah, well
