

I Like to Watch (Milo's Night Out)

Prozzak

I, I, I, I, I like to watch
I like the way you bounce bounce
I like to watch
Ya ya groove 'n' move it I like to watch
Shake it if you've got it, lady
Here's my confession
I like to watch your hot box I leave my house
Anticipating cruising, using
Down at the discotheque
Night time is for fun Step to the bar
Drink with me for leisure, pleasure
I spy a fraulein
The party's just begun I like to watch
I like the way you bounce bounce
I like to watch
Ya ya groove 'n' move it I like to watch
Shake it if you've got it, lady
Here's my confession
I like to watch your hot box You've got the moves
That make me feel so fly-high
The way you wiggle
And jiggle is astounding Feel the rhythm
It puts you in a trance-dance
You little devil
You've got my heart a pounding I like to watch
I like the way you bounce bounce
I like to watch
Ya ya groove 'n' move it I like to watch
Shake it if you've got it, lady
Here's my confession
I like to watch your hot box Do you have papers for being so beautiful?
Give me a break I spy with my eye
Something that is I'll crack your code
Please give up your digits-gigits
Release your data
The contents of your mind I see you blushing
Adrenaline is flushing-rushing
No need to fear me
I did not come to touch I, I, I, I, I like to watch

I like the way you bounce bounce
I like to watch
Ya ya groove 'n' move it I like to watch
Shake it if you've got it, lady
Here's my confession
I like to watch your, your, your I like to watch
I like the way you bounce bounce
I like to watch
Ya ya groove 'n' move it I like to watch
Shake it if you've got it, lady
Here's my confession
I like to watch your hot box
