

# Simple As That

## Lonestar

Got us a situation  
Don't need no explanation  
It don't take a scientist  
To figure out just what this is  
Unlike the changing seasons  
Love happens without reason  
It's as simple as that  
Two people meet it's destiny that they're together  
It's as simple as that  
I knew when I met you that this would last forever  
Simple as that  
And I can promise you that I will leave you never  
I'm happy right where I'm at  
It's as simple as that  
It's how I feel when you call my name  
It's holdin' hands in the pouring rain  
A slow dance that never ends  
The sweet sound of violins  
And even when we're apart  
You beat around in my heart  
It's as simple as that  
Two people meet it's destiny that they're together  
It's as simple as that  
I knew when I met you that this would last forever  
Simple as that  
And I can promise you that I will leave you never  
I'm happy right where I'm at  
It's as simple as that  
It's as simple as that  
Two people meet it's destiny that they're together  
I knew when I met you that this would last forever  
And I can promise you that I will leave you never  
I'm happy right where I'm at  
It's as simple as, it's as simple as that  
It's as simple as that  
It's as simple as  
It's as simple as that
