

Yours Forever

Wynn Stewart

Yours forever as long as I live
My heart is yours with all the love I can give
And I'll never hurt you, darling, no never
'Cause I belong to you, I'm yours forever Yours forever and so much in love
Without you I'd be like a lonely sky with no moon up above
The world may stop turning but we'll still be together
'Cause I belong to you, I'm yours forever The world may stop turning [unverified]
