

Razzle-Dazzle

Bill Haley & His Comets

On your mark, get set, now ready, go!Everybody razzle dazzle,
If it's all night long.Now, here's a dance everyone can do,
It's the hipsters' dance,
And the square cats' too,
Won't you take a chance,
This is all you do.You just take your baby,
Don't you leave that spot,
Then you dance like crazy,
Give it all you've got,
That's the razzle dazzle,
If you're ready or not.
Let's get together, one, two, and three,
Jumping to the center, just you and me,
Put your best foot forward,
Baby, can't you see?When you hear them holler,
And you ain't nowhere,
Honey, you just follow,
Cause we're sure not square,
That's the razzle dazzle,
Well, it's everywhere.
Everybody razzle dazzle,
If it's all night long.That's the razzle dazzle,
Razzle dazzle song.
