

# Naked Ray

## Chuck Prophet

Eat your dinner in your room  
Dream a hole right through the roof  
We never were the best of friends  
People said we looked like twins  
But you're not foolin' me  
You're not foolin' me  
Naked Ray  
Naked Ray  
Well they say she's crazy, I don't know  
She drinks her share, goes off alone  
She always keeps her feelings hid  
Same way that our mother did  
But you're not foolin' me  
You're not foolin' me  
Naked Ray  
Naked Ray  
You shouldn't have messed with my sister  
Nah, you shouldn't have messed with my sister  
No, you shouldn't have messed with my sister  
She left a Realistic stereo  
And a phone that doesn't ring anymore
