Damn

Tulisa

He'll build me up, to break me down.
You fucked me up....when you fucked around,
Damn
If this is a new day x2
If this is my new dress

If this is my new way-ay...
I guess I gotta new man,
And I, I guess I gotta new number.
I guess that's why you tried to go,
Thank god I said nothing...
Baby you know x2
