

Damn

Tulisa

He'll build me up, to break me down.
You fucked me up....when you fucked around,

Damn

If this is a new day x2

If this is my new dress

If this is my new way-ay...

I guess I gotta new man,

And I, I guess I gotta new number.

I guess that's why you tried to go,

Thank god I said nothing...

Baby you know x2
