Meltdown

RKL

We don't gotta lot to say about the things that never happen or the things that do
But you're playing with a fire that you can't put out!
Conventional powers worked and seemed a lot more safe,
Maybe there's something to be said for tradition after all!
You had the right to live,
Now you're old and don't give a shit!
Subconsciously fill prophecy,
the end is what you'll wanna see now
No! Meltdowns go away!
No! Meltdowns go away!
No! Meltdowns go away!
No! Meltdowns go away!
