We Owned This Town

Restless Heart

Friday night, the DQ's packed
We're lookin' good, got the top laid back
Me and my buddies, Tommy and Jack
Stones blarin' in the old 8 TrackCheckin' out the girls at the stoplight
We played it cool and never made our move
'Til the time was rightWe owned this town
Every night, every night when the sun went down
Livin' a dream, standing our ground
We made our moves, we were nobody's fool, we owned this townWe had an obligation
The word was out around town
We had a reputation
That we could never live downThe world was ours for the takin'
Sometimes I wish that I could turn back time
And do it all again'Cause we owned this town
Every night, every night when the sun went down
Livin' a dream, standing our ground
We made our moves and we were nobody's fool, we owned this townYeah, we owned this town
Oh, we're not badThe world was ours for the takin'
Oh, sometimes I wish that I could turn back time
And do it all again'Cause we owned this town
Every night, every night when the sun went down
Livin' a dream, standing our ground
We made our moves, we were nobody's fool, we owned this townThat's right
We owned this town
