

Dancing on the Grave

Passion Pit

There is a sun that I belong to
There hangs a light that comes and shines upon you
They're of the warmth, they're of reminders of youth
 Oh we can't stay here
 Take down the moon and all it's mockery
 There is the sun that takes away our money
 The night is deafening and brings on defeat
 No we can't stay here, no I can't stay here
No I can't stay here Someone told me that I've run too far away, away, oh oh
 Someone told me I should just give in and stay, and stay
 Oh come and celebrate, we're dancing on the grave
Of the nights we couldn't sleep, oh I can't stay here Don't steal away all of her beauty
 Take down the darkness bruising both of your knees
 It better overwhelm the heart with the heat
 Oh I can't stay here, no we can't stay here
No I can't stay here Someone hold me as I turn the night away, away, oh oh
 Someone hold me to the ultraviolet rays, oh rays
 Oh come and celebrate, we're dancing on your grave
 Of the nights we couldn't sleep, oh I can't stay here
 No I can't stay here
 No I can't stay here
