# Nothing to Something

## Plug In Stereo

You wanna turn it from nothing
To something
Well I, I think I've been there tooCause you want the loving
And for everybody
To have their eyes on youAnd it's one thing
To wish to be great
But it's another to expect itBecause you can't just talk
About what you want
You gotta go out and get itI don't wanna waste my life away
So I will not believe in you
If you think that all you'll ever do is lose
Cause if you fail all you'll get is a bruise
It'll go away
So try it again real soonYou always feel like you're losing
It's confusing how the people
That don't deserve it winBecause you've always been taught
That if you work real hard
You'll come out on top in the endAnd it's one thing
To try and then fail
But it's another to go get itCause all this time you've wondered why
Our love was never by your side
But maybe that's cause you don't let it
I don't wanna waste my life awaySo I will not believe in you
If you think that all you'll ever do is lose
Cause if you fail all you'll get is a bruise
It'll go away
So try it again real soonI'll live each and every day
To its fullest causeI don't wanna waste my life awaySo I will not believe in you
If you think that all you'll ever do is lose
Cause if you fail all you'll get is a bruise
It'll go away
So try it again real...I don't wanna waste my life away
So I will not believe in you
If you think that all you'll ever do is lose
Cause if you fail all you'll get is a bruise
It'll go away
So try it again real soon
