

# Let Her Dance

## Marshall Crenshaw

(bobby fuller)Well there she goes with a brand new love affair

Dancin' with him like she don't even care

Well let her dance with him

Let her dance all night long

Well who would've known that just yesterday

She danced with me the very same way

Well let her dance with him

Let her dance all night long

Chorus:

Well let her dance with him all night long

Ler dance to our favorite song

Well let her dance with him let her dance all night long

Well I'll find me a new love

And then she'll see

Someone else will be dancing with me

Let her dance with him

Let her dance all night long

Chorus (2x's)
