

What Were We Thinking

Joss Stone

Try to turn it off
But it's hard to see
Through this emptiness
Slowly breaking me
Maybe hurt me just a little less
Then I can start to breathe
But still your heart is out of reach What were we thinking?
And what will we do now?
Ah, ha
Right now
Right now
Right now
Oh, oh The sun hasn't shined today at all
A funny thing
You haven't called
Tell me why
Or should I be asking?
How would I respond to it all
Times were good
I wish you were around more
I can feel you at my door
But it's not you
It's someone else
What can I do?
Oh, what did we do? What were we thinking?
What were we thinking?
What were we thinking?
Right now
Right now
Right now Try to turn it off
But it's hard to see
Through this emptiness
Slowly breaking me
Maybe hurt me just a little less
Then I can start to breathe
But still your heart is out of reach What were we thinking?
What can we do now?
Right now
Right now Try to turn it off

But it's hard to see
Through this emptiness
Slowly breaking me
Maybe hurt me just a little less
Then I can start to breathe
But still I should have known
It was right in front of me
Screaming girl, just walk away
See, it can't ever be
Oh, what would we do now?
We carried on making our mistakes
Thinking our love was free
Now you've taken part of me
Right now
