

# Not Too Late

## Venture

Watching every move they make  
Hanging on to memories that wont escape my head  
I always wonder what theyâ€™re thinking  
But I donâ€™t think they care  
They live a life without an answer  
Even though it isnâ€™t this

So take a hand  
Lead the way  
Donâ€™t let this go on for one more day  
The second hand will never wait  
For some of us itâ€™s not too late

Excuses never satisfy me  
Going on too long  
Waiting doesnâ€™t make it happen  
Innocence is gone  
I always wonder what theyâ€™re thinking  
But I donâ€™t think they care  
They live a life without an answer  
Even though it isnâ€™t this

So take a hand  
Lead the way  
Donâ€™t let this go on for one more day  
The second hand will never wait  
For some of us itâ€™s not too late
