

Franz Joseph Land

Wyoming

I tell you all the things I know
but words won't be enough for you to show
 how the void is starting to grow
oh hell no, I saw it overflowfamiliar world was far away
 familiar words unable to say
 the unseen came in sight
fear returned to mesilver men evacuate
 humming the refrain
 of better days
and seeing their wives againsilver men tried to create
 a world inside their heads
 a world in bloom
and seeing wives in their bedsthe sallow lights began to fade
 familiar world became
 what my weary mind tried to create
 what my weary mind tried to create
my weary mind tried to createI told you all the things I know
 but words were not enough for you to show
 how the void will overflow
 oh hell no
