Just a Habit

The Aching Hearts

He's more farce than father
He's more of a dog than dogs are
It depends, we're just dots and commas
I'd still say, you got one on usThere's no reason for it
Don't despise it and don't adore it
It's just a habit
It's just a habit I formedThis one's a supersonic
This one's got too much on it
This one's a freak
This one's for freeThere's no reason for it
Don't despise and don't adore it
It's just a habit
It's just a habit
