

# Just a Habit

## The Aching Hearts

He's more farce than father  
He's more of a dog than dogs are  
It depends, we're just dots and commas  
I'd still say, you got one on usThere's no reason for it  
Don't despise it and don't adore it  
It's just a habit  
It's just a habit I formedThis one's a supersonic  
This one's got too much on it  
This one's a freak  
This one's for freeThere's no reason for it  
Don't despise and don't adore it  
It's just a habit  
It's just a habit
