

What a Day (feat. Wyclef Jean & El Cata)

Fantine

You hear them horns?
I hear them horns
Know what that mean?
Know what that mean
Everybody dance now Yeah, I'm back on my MPC
Miami Beach, of '93
Spring Break, y'all know how I do
Her crew too live, ask Uncle Luke
Yeah, she's the life of the party for the DJ
You call her Too Short, but she run the bay
Now where my ladies at?
Making them big bucks
Staying loaded like lux My product is so physical
My body is my asset
My feelings are so hidden
Though my body isn't And when I'm strutting, winding
Glitter blinding, struck by lighting, so exciting
Extra flirty, never dirty when you come around
And I could take your Credit card or rubber band money
It don't matter to me I could be your playboy bunny (alright then)
Credit card or rubber band money
It don't matter to me I could be your playboy bunny Private dancer for money
I'm just trying to make a dollar today
(Ven y gÃ¡natelo suda'o, ven y gÃ¡natelo suda'o)
Cuz it's hard in the city
Ain't nobody giving nothing away
(I like the way you dance) Private dancer for money
I'm just trying to make a dollar today
(Ven y gÃ¡natelo suda'o, ven y gÃ¡natelo suda'o)
Cuz it's hard in the city
Ain't nobody giving nothing away
(I like the way you dance) You hear them horns?
I hear them horns
Know what that mean?
Know what that mean
Everybody dance now Welcome to my champagne room
It don't rain, no, it monsoon.
Keep your hands to yourself
You're my favorite, cuz you pay well And when I'm strutting, winding

Glitter blinding, struck by lighting, so exciting
Extra flirty, never dirty when you come around
And I could take your Credit card or rubber band money
It don't matter to me, I could be your playboy bunny (alright then)
Credit card or rubber band money
It don't matter to me, I could be your playboy bunny Private dancer for money
I'm just trying to make a dollar today
(Ven y gÃ¡natelo suda'o, ven y gÃ¡natelo suda'o)
Cuz it's hard in the city
Ain't nobody giving nothing away
(I like the way you dance) Private dancer for money
I'm just trying to make a dollar today
(Ven y gÃ¡natelo suda'o, ven y gÃ¡natelo suda'o)
Cuz it's hard in the city
Ain't nobody giving nothing away Ladies holla "What a Day
