

The Way That You Love Me

Tia London

When I don't feel as though
You still think I'm beautiful
You know you keep me high
Whenever I'm feeling low
The love aint real
If the love aint mutual
You love give me strength to go on
You love me beyond all my flaws
Love me whether I'm right or wrong
You love me like no one else
Love me how I should love myself

2x

The way that you love me
Way that you love me
Way that you love me
Way that you love me
Its funny how you made the love switch up
All they shade richoted
Them bullets really hit us
A wise man told me always be the shooter
This year its less talking way more maneuvers
Biggie said it best
And it still remain truer
Its more money more problems
When you gettin to the mula
Them other bitches couldn't measure up with a ruler
And these niggas out here clowns
They'll never be who you are
Fake love will have you out here lookin foolish
My niggas hardly smile always looking ghoulish
I'm tryna minus the hate and multiply the love
There's plenty in the world to go around for all us
But they don't see it that way
They'd rather knock you off ya pedestal so they can stand in your place
But nah that aint love

I done learned the difference and now I'm different 'cuz
