

Amazona

Roxy Music

Amazona
Is a zone where
There is no doubt
No more fall-out Why don't you step
Through the mirror and see?
From Arizona to El Dorado
Sure is a mighty long way Hey little girl
Is something wrong?
I know it's hard
For you to get along The bell-tower rings
It tolls a hollow sound
But your castles in Spain
Still may be realized And longings more profound
You see every cloud has a silver lining
And sometimes paradise
Around your corner lies In Amazona everything is nice
Little one come take my hand?
I'll try to help you there
I'll take you there Amazona's
Getting closer
Oh, soon you'll see
Journeys over
Were almost there
