Amazona

Roxy Music

Amazona Is a zone where There is no doubt No more fall-outWhy don't you step Through the mirror and see? From Arizona to El Dorado Sure is a mighty long wayHey little girl Is something wrong? I know it's hard For you to get alongThe bell-tower rings It tolls a hollow sound But your castles in Spain Still may be realizedAnd longings more profound You see every cloud has a silver lining And sometimes paradise Around your corner liesIn Amazona everything is nice Little one come take my hand? I'll try to help you there I'll take you thereAmazona's Getting closer Oh, soon you'll see Journeys over Were almost there
