You Miss Me (feat. Katy Perry & Adam Longlands)

The Matrix

Everything comes around again
The circus returns to town again
Oh, no oh, yeah
Now you are at my door again
Crawling around my floor again, oh yeah'Cause your love is gone and
Your all alone and you miss me
But you didn't miss me when
I was all alone your back 'cause you know
I can't help but love you
I can't help but kiss you
I can't help but let you in
I'm off to the slaughter and off to the lifehole
Right back to where we beginEverything comes around again
What goes up will come down again
Oh, no oh, yes
Wearing your old white dress again
Making my head a mess again'Cause your love is gone and
Your all alone and you miss me
But you didn't miss me when
I was all alone your back 'cause you know
I can't help but love youI can't help but kiss you
I can't help but let you in
I'm off to the slaughter and off to the lifehole
Right back to where we begin
'Cause the love has gone
And your on your own
'Cause you missed me la la la la
You just press rewind we go back in time'Cause your love is gone and
Your all alone and you miss me
But you didn't miss me when
I was all alone your back caz you know
I can't help but love you
I can't help but kiss you
I can't help but let you in
I'm off to the slaughter and off to the lifehole
Right back to where we beginCan't help but love you
I can't help but kiss you
I can't help but let you in
You miss me you miss me

Your love has gone and your all alone
You miss me you miss me
