

The River

Son Little

Man in the moon comes
Way at night
Man in the moon coming
Shine a light
Taking her clothes off it
Break my mind
Taking her clothes off gon'
Take off mine

Want so bad is like I'm
Out of time
Want so bad to
Make you mine
Give me your love, baby
All the time
Give your love, baby
You got mine

Now walk me
To the river, darling
Drop me
In the river, darling
Till you started shiver
Body
Walk me
To the river, darling

Most of my friends
Now they blow me off
Most of my friends
Going to blow me off
Can't really blame 'em, baby
I got lost
Can't even blame 'em, baby
I fell off
Keeping the world going
We get out
Keeping the world going
We get out

One was a wooze going
Never get lost
Run with the wooze going
Never get lost

Now walk me
To the river, darling
Drop me
In the river, darling
Till you started shiver
Body
Walk me
To the river, darling

Tear this heaven, baby
Tame the rise
24/7 baby
Tame the rise

Hard as blazing blue
Electric fire
Hard as blazing blue
Electric fire

Want so bad is like I'm
Out of time
Want so bad I had to
Make you mine
Give me your love, baby
All your time
Give me your love, baby
You got mine

Now walk me
To the river, darling
Drop me
In the river, darling
Till you started shiver
Body
Walk me
To the river, darling

Walk me
To the river, darling
Drop me
In the river, darling

Till you started shiver
Body
Walk me
To the river, darling

Now walk me
To the river, darling
