Tired Of Doing Me

Keyshia Cole

I was all up in these streets
You could say I get around
I was only thinking about me
But I think that I not have found
Found something that could make me
Change my mind
Something that could make me
Stop wasting time
Something I know I can live for
I don't wanna do this no more
I'm tired of doing me
'Cause it ain't working, no
I'm always doing me
I was just searching but it ain't working
But doing you is so much better
I was doing me couldn't find nothing better
I'm tired doing me
'Cause it ain't working, no, no
I wouldn't give my heart to nobody
Afraid from the past
But I'm done with playing games
Done with doing me
Done with the same old same
I'm giving my all
This time I won't let you pass me by
So, baby, if you feel the same that I do
And ashamed to let you know
It's harder doing me
'Cause it ain't working, no
When I was doing me
I was just searching but it ain't worth it
'Cause doing you is so much better
I was doing me couldn't find nothing better
Tired doing me
'Cause it ain't working, no, no
You're everything
(You're everything)
I'll ever need
(I'll ever need)

I won't ever let you get away from me, no
Boy, I've done everything
All that I can do
I've seen the best in life
Know what I'm a gonna do
I feel like I'm ready
I feel like a change
I feel like we both have the same world
I know, doing me ain't working no more, no more
I'm starting to believe
'Cause it ain't working, no
When I was doing me
I was just searching but it ain't working
'Cause doing you is so much better
I was doing me couldn't find nothing better
I'm tired doing me
'Cause it ain't working, no, no
I'm so tired, I ain't doing me no more, no more
