Don't Waste My Time

Naked Aggression

I don't really fucking care
I've heard it all before I swear
I'm so sick of social games
All your gossip's so damn lame
I don't really want to know
What who did what with so and so
Can't you see how shallow all these social games are
Stop wasting my time
I just wanna break some glass
I just wanna kick your ass
I'm not gonna stay relaxed
Stop talking shit behind my back
(chorus)
Stop wasting my time (x4)
Why don't you just shut your trap
You're just so damn full of crap
Everybody's talking shit
I'm so sick of hearing it
(chorus)
