Everytime We Say Goodbye

Steve Tyrell

Could it be that I can't stand to be alone?
This long distance has us livin' on the phone
Ever since you've been away
I just can't get through a day
Girl, I just can't wait to have you
Here at home, oh baby
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
I don't want you to go
Sometimes I only get to see you for a day
If that's all I can get then that's what I'll take
'Cause soon I know the day will come
When you and I will be as one
But right now this thing gets so hard
For me to say, oh baby
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
I don't want you to go

Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
(Could we make love just one more time?)
I don't want you to go
(Can you feel forever, this our last and final try?)
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye, boo
I don't want you to go
Every time we say goodbye boo
I don't want you to go
Every time we say goodbye boo
I don't want you to go
