

# Drop Dead Legs (Album Version)

## Van Halen

Drop dead legs, pretty smile,  
Hurts my head, gets me wild  
Dig that steam, giant butt,  
Makes me scream, I get nuh-nuh-nothing but the shakes over you  
And nothing else could ever do You know that you want it, uh  
I know what it is  
You know that you want it, baby  
When the night is through, will I still be loving you? Dig those moves, vampire  
Set me loose, get it higher  
Throw my rope, loop-de-loop  
Nice white teeth, Betty Boop  
Set it cool real heavy  
I ain't fooled, gettin' ready Uh oh baby, you know that you want it  
I know what it is  
You know that you want it, baby  
When the night is through, will I still be loving you?
