

Don't Cha Stop

The Cars

Right here I'd like to melt inside of you
Right here your kiss is totally new
Right here your hands are soft and creamy
Right here your mouth is wet and dreamy And it's just what I like
So dim down the light
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop) If it makes you feel good
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop)
Don't cha stop, don't cha stop
Don't cha stop, don't cha stop Your rhapsody is blowing my cool
Your fantasies, they're written for the fools
Your long black hair it tickles my skin, skin
It feels so luscious, come on, do it again, oh yeah And it's just what I like
Dim down the light
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop) If it makes you feel good
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop)
If it makes you feel good
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop) If it makes you feel good, good
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop)
Good, good, good
Don't cha stop, don't cha stop A don't cha stop if it makes you feel
Good Ooh, don't cha stop, don't cha stop
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop)
Don't you stop, don't cha stop
If it makes you feel good Don't cha stop, don't cha stop
Don't cha stop, don't cha stop
Don't cha stop, don't cha stop
Don't cha stop, don't cha stop Damn right, don't you stop
(Don't cha stop, don't cha stop)
(Don't cha stop, don't cha stop)
