So Beautiful

Big Bang

[Hook]
I've been searchin' for my baby, the one to come and save me
And this you know, she is so beautiful
Ain't never act stuck up or shady, one hundred percent all lady
And this you know, she is so beautiful - yo yo[Verse 1]
Baby, are you all for me
Baby, my heart is in need
Of a love wanting, to cherish the soul
Everyday thinkin' so deep
Everynight turnin' in heat
It is why all this here is happening to me, yeahAll the love I can give
All the days we can live
Always and forever now
All the love I can give
All the days we can live
Always and forever now[Hook]
