Your Girlfriends Hate Me

Reggie and the Full Effect

Your boyfriend, he likes you, but does he really try
Can he do, what I do, should you just say goodbyeYour girlfriends, they tell you, don't ever trust a guy
Should you do, what they do, don't have a reason whyIt's nothing that I can do
(It's nothing, I can do)
Just write another song for you, soYour boyfriend , he loves you, but never can reply
Would he say, what I say, I wish you'd say goodbyeIt's nothing that I can do
(It's nothing, I can do)
Just write another song for you, so
This is all that I'm saying
This is all that I'm sayingYour boyfriend, he likes you, but does he really try
Can he do, what I do, should you just say goodbyeIt's nothing that I can do
(It's nothing, I can do)
Just write another song for you, so
This is all that I'm saying
This is all that I'm saying
This is all that I'm saying
This is all that I'm sayingThis is all that I'm saying
This is all that I'm saying
