

# Sun Is Never Going Down (feat. Dawn Golden)

[Martin Garrix](#)

Is this life? Is it real?  
Do you feel the things that I feel?  
Close your eyes, disappear  
and we can watch it burn, burn from here  
'Cause I'm rising higher that I've been before  
And I'm ready, ready crying out for more I know the sun is never going down  
Oh-oh, oh-oh-oh  
Nothing's gonna slow us down  
Oh-oh, oh-oh-oh  
I don't wanna fall asleep,  
Ready to stay awake for years  
Sun is never going, sun is never going  
Sun is never going down, down, down [Instrumental break] Blinded lights anything, can we stay like this for  
always?  
My own sky is a place, and when you're here with me we elevate  
'Cause I'm rising higher that I've been before  
And I'm ready, ready crying out for more I know the sun is never going down  
Oh-oh, oh-oh-oh  
Nothing's gonna slow us down  
Oh-oh, oh-oh-oh  
I don't wanna fall asleep,  
Ready to stay awake for years  
Sun is never going, sun is never going  
Sun is never going down, down, down [Instrumental break]
