

Don't Look Down

Jennifer Hudson

You know that thing
That love thing, yeah
Make me wanna say, oh
Look down, oh, oh
It breaks my heart up every time
That I think about what you told me that night
Nowhere to run, nowhere to hide
No way I can escape what's in my mind
Oh, that's the way love goes
It takes you up, it takes you down, got you going all around
Oh, that's the way our love grow
Open up your mind, now don't be blind, I know baby, you will find
There is no limit to how high we can go
If we don't look down
Don't live in the limits, let's go higher and higher
Don't look down
Broken hearts and broken dreams
Baby, nothing's broken as it seems
Gotta find a way to let it flow
I know that there's a higher place to go
Oh, that's the way love goes
Baby if it's real, then here's the biz, gotta accept it how it is
That's the way our love goes
Open up your mind, now don't be blind, I know baby, you will find
There is no limit to how high we can go
If we don't look down
Don't live in the limits, let's go higher and higher
Don't look down
Oh, seem we cannot let go
And there's no looking down
When you walk on the side road
Gotta keep your eyes on the highest prize of love
You don't have to worry
Don't you worry about a thing
Just keep your eyes above
One, two, three, sing
There is no limit to how high we can go
If we don't look down
Don't live in the limits, let's go higher and higher

Don't look down
There is no limit to how high we can go
If we don't look down
Don't live in the limits, let's go higher and higher
Don't look down
