Fire

Yngwie Malmsteen

Born with the fire in my blood, can't live without it
Something that gold can never buy
It doesn't matter who you are, or what you're thinking
If you believe in what you tryFeel the fire, your burning desire
Fire, I'm burning up with fire
Fire, I feel it burning higherIf you are rich or if you're poor, there is no difference
It's still in what you're fighting for
If you're strong, you will survive, you'll feel the fire
Burning on forever moreFeel the fire, your burning desire
Fire, I'm burning up with fire
Fire, I feel it burning higher, yeahFire, I'm burning up with fire
Fire, you never play with fire
Fire, I'm burning up with fire
Fire, don't ever play with fireFire, I'm burning up with fire
Fire, you never play with fire
