Stepstranger

SNFU

The TV's loud
It screams at me again
Reminds me of my mom
Fighting with my new step dadWho the hell are you?
All you do is fuck my mom and eat her food
Why should I listen to you?
You are a stranger to me and you will always bePaying the rent won't buy you ownership
Stocking the fridge won't get you my respect
Trust and friendship are something you should earn
You sir, are nothing but a wiggly wormWho the hell are you?
All you do is fuck my mom and eat her food
Why should I listen to you?
You are a stranger to me and you will always beWho the hell are you?
All you do is fuck my mom and eat her food
Why should I listen to you?
You are a stranger to me and you will always be
