

My Way Of Giving

Rod Stewart

I've been told it's just a matter of time
Before you meet someone who opens your eyes
But time's on my side, so nevertheless
I know the pain of too much happiness
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living
And what more would you have me do
Although I'm not a guy that means to hurt
And if at times it seems our love won't work
I tell you, honey, you must surely realize
See all confusion in my cloudy eyes
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living
And what more would you have me do
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living

And what more would you have me do
Although I'm not a guy that means to hurt
And if at times it seems our love won't work
I tell you, honey, you must surely realize
See all confusion in my cloudy eyes
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living
And what more would you have me do
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living
And what more would you have me do
It's all part of my way of giving
And I'm giving it all to you
More than love, it's a way of living
And what more would you have me do
